

COMMERCIAL OFFER

**DEVELOPMENT OF NUTRITION AND
BALANCED PETFOOD PRODUCTION**

Perlyna Stepu is your reliable partner for balanced petfood development and production.

Today's pet owners set high standards for the quality, availability and variety of products for their pets. We understand these needs and are ready to provide a solution that not only meets the demand, but also exceeds your expectations.

Our company offers comprehensive solutions: from food development to its production, packaging and delivery. At the newly built and fully equipped production facility, application development can be carried out together with customers, and to be tailored to specific needs and wishes. This allows us to adapt the products to your requirements and wishes as much as possible, which is extremely important in today's dynamic market.

PERLYNA STEPUP PROVIDES:

HIGH- QUALITY

Perlyna Stepup has over 13 years of experience in production. We work with local farmers who grow seeds and grains, providing quality raw materials for our products. This guarantees you high-quality feed products that will delight your customers and their friends.

RELIABILITY AND STABILITY

The entire supply chain is in-house and guarantees stable quality and on-time deliveries. In a world where speed and accuracy are crucial, we can confidently ensure you get your products delivered on time, nationwide.

PROCESS TRANSPARENCY

This is our priority. Pet owners are asking more and more about the origin of products, so we strive to provide all the necessary information.

The highest industry standards are guaranteed through certification and audit, such as HASP 22000.

Sustainable cooperation

Our company specializes in the production of high-quality grain feed and is ready to offer our partners a unique opportunity to **manufacture products under the customer's own brand.**

We understand how important it is for you to have a product that meets not only high-quality standards but also aligns with your corporate identity. Therefore, we offer flexible packaging solutions in 500 g and 1 kg bags, as well as the adaptation of recipes to meet the specific requirements of your business.

Production is carried out on modern equipment while adhering to all technological and sanitary standards, ensuring the high quality of each batch of products. By collaborating with us, you gain not only products made according to your recipe and under your brand but also professional support at every stage — from development to delivery.

We aim to be your reliable partner, with whom you can confidently grow your business in the feed market. Together, we can create a successful product that meets the needs of your customers.
